

3.7v 10Ah prismatic cobalt oxide lithium ion power battery From http://

Product Name

3.7v 10Ah prismatic cobalt oxide lithium ion power battery

Product Details

Place of Origin: GuangDong China (Mainland)

Brand Name: Dishy

Model Number: ICR-3.7V10AH

Type: Li-Ion

Shape: Prismatic

Nominal Capacity: 10Ah

Certification: UL,CE,RoHS,SGS.MSDS,UN38.3,REACH etc

Specifications

Nominal Voltage: 3.7v

Nominal Capacity:10AH

Charge method: Constant voltage constant current charge, Current:2A, Voltage: 4.2V

Shelf life: 1500cycles

high rate charging

high safety reliable

Features

Using lithium cobalt oxide as positive materials;

excellent discharge performance with capacity more than 80% over 500 cycles;

High discharge platform, normally over 3.7V. High rate discharge is over 3.6V;

Superior low temperature performance, can be discharged continuously at -40°C.

Application

Dishy Li-Ion battery is safe and green without any metal pollution like cadmium, lead or mercury

etc. it is mainly used for lighting equipment, emergency lighting, aerospace, military, telecom industry, medical equipment, portable computer, digital products, electric vehicles, electric tools, electric toys, public facilities and other portable devices.

Packaging & Delivery

Packaging Detail: carton case or package as customer demand

Delivery Detail: 15-30 days later after payment.
